

Financial Information

Thank you for selecting the office of John Michael Tate, DDS & John Tyler Tate, DDS for your dental care. We are committed to helping you achieve the smile of your dreams. Our front office staff is just a phone call away. We would love to answer your questions or address any concerns you may have.

Dental Insurance

As a courtesy to our patients, we will file your insurance for you. We willingly work with your insurance provider to file and secure the maximum benefits that may be available to you. While insurance is a useful tool to assist in paying for your oral healthcare, you should know that your insurance is a contract negotiated between your employer and the insurance company and does not necessarily cover all dental needs or desires. You can be confident that we will provide your dental care without regard to the limitations imposed by your insurance coverage.

It will be your responsibility to notify us of any changes to your coverage. Payment is expected on the day your service is provided to you. However, in the event your insurance company does not pay what the estimated portion is, you will be responsible for the entire cost of your treatment. We value our relationship with you and always advocate for your best interests. If you have questions about your insurance, please feel free to contact us.

Dental Financing

Our office accepts Cash, Personal Checks, and Credit Cards as well as attractive payment alternatives through CareCredit™. Qualifying patients can receive periods of interest-free or low interest financing. We will be glad to guide you in the application process or you may apply online at the links below. Please direct any questions you may have about financial arrangements or insurance matters to a member of our front office staff.

We Care About You

Our greatest concern is the complete health of our patients. The state of your oral health can offer clues about your overall health. Using the Art and Science of cosmetic dentistry and the most advanced techniques and materials, Dr. Tate, Dr. Tyler and their staff provide comprehensive dental care as well as esthetic restorative procedures.

Changed and Missed Appointments

We realize that there are life circumstances that may prevent you from keeping your scheduled appointment. In the unlikely event you may need to change an appointment time or day, we require a minimum of 24 hour's notice in order to avoid a broken appointment fee.
